

We're sure you'll find Miracle Wands a delight to decorate, easy to make, and useful for many years!

ONCE YOU'VE PAINTED AND DECORATED YOUR DOWEL, HERE'S ALL YOU DO:

1. Insert the wooden dowel into the Miracle Wand cap and secure it with the screw (included).
2. Attach to your curtain panel.

TAB TOP PANELS: Lock the ring around the tab

GROMMET PANELS: Lock the ring around the grommet

ROD POCKETS: Attach the ring to the clip, and clip the Wand onto your panel at the top.

KEEP THESE TIPS IN MIND:

- Use the included screw to attach the cap to the dowel. **Be careful not to cross-thread the screw.** It turns easily when properly inserted.
- **Do not use glue** to attach the cap to the dowel. You don't need it, and it'll just make it hard to replace the dowel when it's time for a new one.
- Instead of using the enclosed ring, try jute string, colored cord, or strong ribbon.

IT'S THAT EASY!

Show off your finished wands all over social media! Help us flood our Facebook, Pinterest, and Instagram feeds!

FOR REPLACEMENT SCREWS, ask any hardware store for #4-40 screws (U.S.) or M3x0.5 (metric).
